

Computer Sciences Engineer

Cool Report

Conception and development of the new ARC Reactor

Author :
Joël Cancela Vaz

Supervisors :
Tony Stark
Pepper Potts

Stark Industries, Berlin, Germany

26th April 2016 - 7th July 2016

Acknowledgments

I would like to thank myself for making this template.

Abstract

Nice abstract in English.

Résumé

Un cool résumé en français.

Table des matières

1 Introduction **5**

2 Conclusion **6**

Table des figures

Liste des tableaux

1 Introduction

Cool intro here [1]

2 Conclusion

Thanks to this experience, I was able to practice and improve my English communication skills. I used what I learnt in C# and I have discovered the basics of game development, which was something I was interested in.
